

The Wife

I know the next time it happens I'll try to be slow like the time I said I love u during sex, I'll try to not be so excited

I don't blame you for that. I know it isn't happening often.

No but now I know that u prefer it that way I'll do it that way

I have Saturday and Sunday off. My plan is to do groceries tomorrow so it doesn't ruin Saturday for me. Sunday looks like it's gonna be nice why don't I try to find a video for couples yoga we can follow along to and you can plan dinner. We will have ingredient for quesadillas or salad, or if you want hotdogs on the fire let me know and I'll add them to the grocery list.

I do prefer it that way but you don't.

sure

I just get excited with u

i wouldn't have done it like that if i didn't like it

i promise ill make slow sweet love to u next time

It's gonna have to be. I'm still having a lot of pain since my iud
