Good afternoon,

I'm trying to access a police report regarding a call made against my ex-spouse and need it for our court date as it proves she committed acts of perjury on her documents she filed for court. Due to her actions of our separation, I don't have access to credit or my bank accounts so I can't complete the payment online. I would be more than happy to enter a police dept office near me to pay in cash in person.

The event took place on may 8th 2024, case number E240569999.

phone number on file but currently not in service: 613-898-0992

If you're unable to send me the report, can you please advise on how I can obtain it?
